Refrigeration On Demand
Availability of cold storage space changes from time to time for operators in the food and beverage industry. U-COOL Refrigeration can alleviate concerns about storing perishable inventory and serving customers during walk-in repairs, remodels, construction, and expansions.

U-COOL Refrigeration makes it simple to rent additional cold storage space when you need it, for as long as you need it, and then return it when your done. Simple.

Our rental equipment is used for storing and transporting fresh and frozen perishable goods for a variety of industries — including yours.

- Seafood

www.ucool.biz
These small and maneuverable vans and trailers run on 110 volt power. Our trailers have on-board back-up gas generators for power outages, remote locations, or over-the-road transport.

**The Right Size**
U-COOL Refrigeration provides a wide range of unit sizes to choose from. Starting with reach-in refrigerators and freezers, kegerators, mobile walk-in coolers and freezers, beer trailers, ice trailers, vans, semi-trailers, and ocean going shipping containers. Whether large or small, indoor or outdoor, we’ve got you covered. The right size for the right job.

**The Right Temperature**
You can maintain either frozen or fresh perishable products with our freezer and cooler rentals. Our electric powered 12 ft. and 16 ft. mobile walk-in trailers can freeze, chill, or heat. All units have adjustable thermostats.

**12’ and 16’ Tandem Axle Trailers**
- 110 volt plug-in electric powered
- Gas generator powered during transit
- 400 cu. ft. or 650 cu. ft. cooler/freezer/beer trailer

**Refrigerated Cargo & Beer Vans**
- 110 volt plug-in electric powered
- Engine powered during transit
- 153 cu. ft.

**12’ Single Axle Trailers**
- 110 volt plug-in electric powered
- Gas generator powered during transit
- 400 cu. ft. cooler/freezer/beer trailer

**Larger Refrigerated Rentals**
For larger jobs we offer 28’ to 53’ Refrigerated Semi Trailers with roll up doors, pull out ramps, 50 gallon diesel tanks, and we offer on-site refueling. These mobile cold storage units provide cooling or freezing.

**Rent or Buy**
We have a variety of refrigeration systems available for sale, rent, or lease. Visit us online at www.ucool.biz for details.

**Service**
Turn to U-COOL Refrigeration for the service and maintenance of commercial refrigeration. We can troubleshoot and repair every aspect of a refrigeration system.

**The Right Service**
- We deliver or you pick-up
- Daily, weekly, or monthly rentals
- Open 7 days a week / 24 hour online reservations
- Same day and emergency after-hours delivery
- Repair and maintenance service on most commercial refrigeration

**Festival and Event Rentals**
U-COOL Refrigeration offers clean and secure food and beverage storage for food vendors and beer gardens. We can provide the right size coolers and freezers for all your events. Our beer trailers, coolers, and freezer units offer an excellent time saving and serving solutions for event planners, volunteers, and vendors. Chill, store, and lock all of your inventory in one place.
